

Council of Athletics and Recreation 2023-24 Election

KPE Staff Nomination Form

The Council of Athletics and Recreation (CAR) is one of the oldest continuing student governance bodies at the University of Toronto, with a history dating back more than 100 years.

CAR is comprised of U of T students, administrative staff, alumni, and facility users from across the three campuses and is contributes to athletics and recreation policy, programs and services and is integral to the approval process of the annual Sport and Rec Budget.

Students enjoy constitutional parity on the 30-member Council, and participation in CAR is a fantastic means to get involved in the on-campus governance process.

The Faculty of Kinesiology & Physical Education is committed to excellence by working to ensure that our values of integrity, respect, equity and diversity, leadership and excellence are reflected in governance. Gender equity in the members of Council and its committees was identified in the 1994 Task Force on Gender Equity and remains a goal of the Faculty.

Deadline **Friday, September 22 @ 5:00PM**
