### **Overview of MoveU Crew:**

MoveU is an energetic, passionate, hard-working team of work-study students and volunteers dedicated to making physical activity a part of every University of Toronto (UofT) student's life. Launched as a campaign in 2012, MoveU aimed to promote physical activity as a wellness strategy and spread the message that physical activity doesn't mean taking a break from your work, but rather, being physically active is you at your most productive. Today, MoveU maintains the same values and continues as a branch of Sport and Rec, working to make physical activity opportunities that are accessible and welcoming for all activity levels (with a focus on beginners) and all body types. We focus on participation and enjoyment; our participants are too busy having fun to realize all the exercise they're getting!

Volunteers are at the core of the MoveU Crew and are essential to the development and dissemination of relevant physical activity information and motivation to students. Volunteering provides you with the opportunity to participate in a program that is beneficial to student success and allows you to build skills in team building, leadership, communication and problem solving. You'll also become part of a community of amazing, dedicated and fun people.
